IF YOU WANT RELIABILITY, YOU CHOOSE ROKBAK.

Our articulated haulers are built to perform on the toughest worksites around the world – and we design our tools to the same uncompromising standards. We know your productivity relies on us, and we don't let you down. However heavily you lean on our machines or our tools, we will never buckle under the pressure. We are solid.

With the right tools and servicing schedule your machine will be up to any challenge. Minimum downtime means maximum performance – so it's essential you maintain and service your Rokbak hauler with tools designed for job. And our hand tools are just what your technicians need to make their job easier, safer and faster – lowering life-cycle costs and increasing productivity.

It makes rock-solid business sense to give your technicians the best tools for the job – it means less downtime, lower life-cycle costs and, greater productivity for your Rokbak hauler.

2 years or 6000 hours warranty (whichever comes first)
